EDUCATION

Universidad de los Andes   Bogotá, Colombia

Systems and Computing Engineering   August 2015 - July 2020

Merit-Based Scholarship Recipient

Coursera   Online

Machine Learning on Google Cloud   March 2020 - September 2020

Certificate: https://www.coursera.org/account/accomplishments/specialization/certificate/RL4GFVKHUL34

WORK EXPERIENCE

Achievers   Bogotá, Colombia

Software Engineer   December 2022 - Present

Duties and Accomplishments: Developed the front-end of the Achiever's product, whose purpose is to let people recognize their workmates' efforts by awarding them gifts. The application I work on is written in React.

Twilio   Bogotá, Colombia

Software Engineer   October 2021 - March 2022

Duties and Accomplishments: Contributed to developing Twilio's APIs, automating millions of user communications. The APIs were implemented using Spring for the back-end and React for the front-end.

Blackboard   Bogotá, Colombia

Software Engineer   August 2020 - October 2021

Duties and Accomplishments: Developed the front-end of a Blackboard application connecting students with teachers at thousands of universities and schools. It was built with Angular and React.

IBM   Bogotá, Colombia

Application Developer Intern   July 2019 - January 2020

Duties and Accomplishments: Developed Angular and Visual Basic applications for a Colombian Bank and IBM's internal use, reaching at least a thousand clients.

TEACHING EXPERIENCE

Universidad de los Andes   Bogotá, Colombia

Taught school subjects to nine low-income students for their   August 2018 - December 2018
upcoming national exam.
